Prologue –

The story of the Go Kart Adventure is set in an imaginable time where animals and humans could connect with each other using their voices. This adventure takes you on a journey through different scenarios of which you choose. Do you dare to take on a path that is not on the main road to see if you end up in the same place or do you want to take the safe option and stick to the road to make it to your destination safely? Throughout this story your thinking will be questioned upon to make sure you answer questions correctly to proceed to the next destination. Do you have what it takes to go on a Go Kart Adventure? If you do, create your own path and have fun!

Instructions for the first interaction –

When inputting your answer to the first interaction please use a name of anything you would like. This screenshot is an example of how you should write your input and what the output will look like. Once you have decided on the input please press enter and it will take you to the next step.

```
Please enter a name for a snake: Leon
You have chosen the name Leon.
```

Instructions for the second interaction -

When inputting your answer to the second interaction please use a name of anything you would like. This screenshot is an example of how you should write your input and what the output will look like. Once you have decided on the input please press enter and it will take you to the next step.

```
Please enter a name for a crocodile: Michael
You have chosen the name Michael.
```

Instructions for the third interaction -

When inputting your answer to the third interaction please use a name of anything you would like. This screenshot is an example of how you should write your input and what the output will look like. Once you have decided on the input please press enter and it will take you to the next step.

```
Please enter a name for a mermaid: Jasmine
You have chosen the name Jasmine.
```

Instructions for the fourth interaction –

When inputting your answer to the fourth interaction please use a number in words, this number can be as big or as small as you would like. Please do not answer in numerical form like 1,000. This screenshot is an example of how you should write your input and what the output will look like. Once you have decided on the input please press enter and it will take you to the next step.

```
Please enter a number in words: One Million
You have chosen the number One Million.
```

Instructions for the fifth interaction –

When inputting your answer to the fifth interaction please use your actual name. This screenshot is an example of how you should write your input and what the output will look like. Once you have written the input please press enter and it will take you to the next step.

```
Please enter your name: Ashley
```

```
Hello Ashley. Would you like to go adventuring?
```

Instructions for the sixth interaction –

When inputting your answer to the sixth interaction please answer the question with either Yes or No. If you misspell this answer, it will continue the story for you anyway. This screenshot is an example of how you should write your input and what the output will look like. Once you have decided on the input please press enter and it will take you to the next step.

```
Yes/No: Yes
```

```
Welcome aboard the Go Kart adventure Ashley.

You head off on a journey into a mystical rainforest in a GoKart.
While driving around the rainforest in your Go Kart you come to a sign with a large gate.
```

Instructions for seventh the interaction –

When inputting your answer to the seventh interaction please answer the question with either 1 or 2, if you guess the wrong number, you will be prompted to input one of the numbers again, if you get it wrong twice it will continue the story for you. Please do not type a word or any other number into this area. This screenshot is an example of how you should write your input and what the output will look like. Once you have decided on the input please press enter and it will take you to the next step.

```
The sign says to enter a number either 1 or 2 to continue.
Please enter number: 1
```

```
YOU HAVE CHOSEN CORRECTLY. YOU SHALL PASS.
```

Instructions for eighth the interaction –

When inputting your answer to the eighth interaction please answer the question with either On or Off. If you do not put in the exactly how it asks you to, it will continually ask you until you input in the correct manor. This screenshot is an example of how you should write your input and what the output will look like. Once you have decided on the input please press enter and it will take you to the next step.

```
Do you turn it on or leave it off?
On/Off: On
```

```
You hear something in the darkness slithering around, you shine the torch over.
To your horror you find Leon hissing at the light. You yell at Leon to getaway.
Leon turns around and slithers away.
```

Instructions for the ninth interaction –

When inputting your answer to the ninth interaction please answer the question with either Shortcut or Road. If you do not put in the exactly how it asks you to, it will continually ask you until you input in the correct manner. This screenshot is an example of how you should write your input and what the output will look like. Once you have decided on the input please press enter and it will take you to the next step.

```
Which path do you take, the shortcut or the road?
Shortcut/Road: Shortcut
```

```
You turn off the road and start heading down a very old dirt road.
As you go further and further into the unknown, you start to pick up speed.
You start flying down the hill, trying to stay on the road as much as you can.
The Go Kart starts losing traction as you come up to a large jump. You hit the jump and do a 360 in the air.
You stick the landing and start slowing down as you get closer and closer to the bottom.
As you get to the bottom you can see the road coming up and you turn just in time to safely rejoin the road.
```

Instructions for the tenth interaction –

When inputting your answer to the tenth interaction please answer the question with either 1.5 or 1.4, if you guess the wrong number, you will be prompted to input one of the numbers again, if you get it wrong twice it will continue the story for you. Please do not type a word or any other numbers into this area. This screenshot is an example of how you should write your input and what the output will look like. Once you have decided on the input please press enter and it will take you to the next step.

```
You politely accept and await the question.
The question is.. Which number will let you pass, 1.5 or 1.4?: 1.5
```

```
You answered incorrectly and Michael the crocodile tries to eat you.
You quickly move out of the way and dodge the bite.
Please answer again:
```

Instructions for the eleventh interaction -

When inputting your answer to the eleventh interaction please answer the question with either Speed or Slow. If you do not put in the exactly how it asks you to, it will continually ask you until you input in the correct manner. This screenshot is an example of how you should write your input and what the output will look like. Once you have decided on the input please press enter and it will take you to the next step. After this step the story will end.

```
Which action do you take, speed up or slow down?
Speed/Slow: Speed
```

```
You slow down to try and gain some confidence about arriving at the destination where the mermaid is.
The closer you get the more nervous you feel.
You start to sweat...
You start to shake...
You take a deep breath and edge closer and closer to the creature..
You realise once you get there you should never have been scared all along.
```
